RELEVANT EXPERIENCE

UCSD Global TIES Program — *User Researcher*

JAN 2024 – APR 2024

Conducted user research through interviews and surveys to understand a community's needs and cultural stigmas surrounding mental health to provide data on how to provide a mobile application for a nonprofit that addresses mental health needs within the Vietnamese community.

Princess Nails — *Social Media Manager*

DEC 2022 – PRESENT

Managed social media presence for a salon with over 30 years in business, creating engaging content to attract new clients and retain loyal customers and developed content strategies to boost online engagement and drive business growth.

Freelance — *User Interface Designer*

MAR 2023 – DEC 2023

Assisted a professional UI/UX designer in developing web applications, participating in user research, wireframing, and prototyping and applied industry best practices to enhance the design process and improve user experience.

PROJECTS

A Happier Me App — *User Interface Designer & Developer*

Collaborated with an interdisciplinary team to design a mental health mobile application using Figma and develop using Flutter, ensuring cross-platform compatibility and efficient development for Vietnamese youth.

To Do App — *Front End Developer*

Developed a responsive and user-friendly To-Do List Tracker application using React JS. Designed to help students efficiently organize daily tasks.

SKILLS

Programming Languages

HTML, CSS, JavaScript

Libraries & Frameworks
